and

\$6,400,000
GENERAL OBLIGATION BONDS, SERIES 2009D

INTRODUCTION

This Official Statement, including the cover page and Exhibits hereto, is being provided by the City of Broken Arrow, Oklahoma (the "City"), in connection with the issuance of its \$3,225,000 General Obligation Bonds, Series 2009C and its \$6,400,000 General Obligation Bonds, Series 2009D, both dated December 1, 2009. The Bonds are issued pursuant to the provisions of and in full compliance with the Constitution and Laws of the State of Oklahoma, particularly Article X, Section 27, of the Constitution of Oklahoma and Title 62, Oklahoma Statutes 2001, Sections 353 and 354 and laws supplementary and amendatory thereto.

DESCRIPTION OF THE BONDS

The Bonds

The Bonds are dated December 1, 2009, and are issuable in fully registered form without coupons in denominations of \$1,000 or multiples thereof. The Bonds will mature December 1 of the year and in the principal amounts and interest rates shown on the inside cover page of this Official Statement. Interest is payable June 1 and December 1 of each year, commencing June 1, 2011, by check, wire or draft mailed to the registered holders of thereof. Principal and premium, if any, on the Bonds is payable at the principal corporate office of the Paying Agent.

Redemption Provisions

The 2009 Bonds maturing in the years 2011 to 2019, inclusive, shall not be subject to redemption prior to maturity. Bonds maturing in the years 2020 and thereafter shall be subject to redemption at the option of the City Council, in whole or in part, on any date, but upon thirty (30) days' notice, on or after December 1, 2019, at a price of par plus accrued interest on the principal amount called for redemption to the date fixed for redemption.

In the event any of the Bonds or portions thereof (which shall be \$1,000 or multiples thereof) are called for redemption as aforesaid, notice thereof identifying the Bonds or portions thereof to be redeemed will be given by the Paying Agent-Registrar by mailing a copy of the redemption notice by first class mail (postage prepaid) not less than 30 days prior to the date fixed for redemption to the registered owner of each Bond to be redeemed in whole or in part at the address shown on the registration books. All Bonds so called for redemption will cease to bear interest after the specified redemption date provided funds for their redemption are on deposit at the place of payment at that time.

Book-Entry System

The following description of the procedures and record-keeping with respect to beneficial ownership interests in the Bonds, payment of principal of, and premium, if any, and interest and other payments with respect to the Bonds to Direct Participants (as defined below) or Beneficial Owners (as defined below), confirmation and transfer of beneficial ownership interests in such Bonds and other related transactions by and among DTC, the Direct Participants and the Beneficial Owners is based solely on information provided by DTC. Accordingly, no representations can be made concerning these matters and neither the Direct Participants nor the Beneficial Owners should rely on the following information with respect to such matters, but should instead confirm the same with DTC or the Direct Participants, as the case may be. Information concerning DTC and the Book-Entry Only System has been obtained from DTC and is not guaranteed as to accuracy or completeness by, and is not to be construed as a representation by, the Underwriter, the City or the Participants.

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized officer of DTC. One fully-registered bond certificate will be issued for each stated maturity of each series of the Bonds, in the aggregate principal amount of such maturity and will be deposited with DTC.

DTC and its Participants. DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has S&P's highest rating: AAA. The DTC Rules applicable to DTC's Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchase of Ownership Interests. Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners (the "Book-Entry-Only System"). Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Notices. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Bonds within a maturity of a series are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (or such other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an omnibus proxy to the respective Agency as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the omnibus proxy).

Payments of, Principal, Premium, if any, and Interest. Principal, premium, if any, and interest payments with respect to the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the respective Agency or the respective Paying Agent/Registrar, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Direct Participants and Indirect Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Direct Participants and Indirect Participant and not of DTC or its nominee, the Paying Agent/Registrars, the Participants or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, premium, if any, and interest to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC, is the responsibility of the applicable Paying Agent/Registrar. Disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to any series of the Bonds at any time by giving reasonable notice to the applicable Paying Agent/Registrar. Under such circumstances, in the event that a successor securities depository is not obtained, the Bonds of such series are required to be authenticated and delivered as described in the applicable Ordinance.

If the City would like to discontinue the use of the system of book-entry transfers of a series of Bonds issued by it through DTC (or a successor securities depository), the applicable Agency shall make such request of DTC (or a successor securities depository). Upon receipt of any such withdrawal request, (i) DTC will issue an Important Notice notifying its Direct Participants of the receipt of a withdrawal request from the Agency reminding Direct Participants that they may utilize DTC's withdrawal procedures if they wish to withdraw their securities from DTC and (ii) DTC will process withdrawal requests submitted by Direct Participants in the ordinary course of business, but will not effectuate withdrawals based upon a request from the Agency.

THE CITY, THE PARTICIPANTS AND THE PAYING AGENT/REGISTRARS CANNOT AND DO NOT GIVE ANY ASSURANCES THAT DTC WILL DISTRIBUTE TO THE DIRECT PARTICIPANTS OR THAT THE DIRECT PARTICIPANTS OR THE INDIRECT PARTICIPANTS WILL DISTRIBUTE TO THE BENEFICIAL OWNERS OF THE BONDS (i) PAYMENTS OF PRINCIPAL OR PREMIUM, IF ANY, OR INTEREST ON THE BONDS, (ii) CERTIFICATES REPRESENTING AN OWNERSHIP INTEREST OR OTHER CONFIRMATION OF BENEFICIAL OWNERSHIP INTERESTS IN BONDS OR (iii) REDEMPTION OR OTHER NOTICES SENT TO DTC OR CEDE & CO., ITS NOMINEE, AS THE REGISTERED OWNER OF THE BONDS, OR THAT THEY WILL DO SO ON A TIMELY BASIS OR THAT DTC, DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS WILL SERVE AND ACT IN THE MANNER DESCRIBED IN THIS OFFICIAL STATEMENT.

NEITHER THE CITY, THE PARTICIPANTS NOR THE PAYING AGENT/REGISTRARS WILL HAVE ANY RESPONSIBILITY OR OBLIGATIONS TO ANY DIRECT PARTICIPANT, INDIRECT PARTICIPANT OR ANY PERSON CLAIMING A BENEFICIAL OWNERSHIP INTEREST IN THE BONDS UNDER OR THROUGH DTC OR ANY DIRECT PARTICIPANT, OR ANY OTHER PERSON WHO IS NOT SHOWN IN THE REGISTRATION BOOKS OF THE RESPECTIVE AGENCY KEPT BY THE APPLICABLE PAYING AGENT/REGISTRAR AS BEING A BONDHOLDER. THE CITY, THE PARTICIPANTS AND THE PAYING AGENT/REGISTRARS SHALL HAVE NO RESPONSIBILITY WITH RESPECT TO (i) ANY OWNERSHIP INTEREST IN THE BONDS; (ii) THE PAYMENT BY DTC TO ANY PARTICIPANT OR BY ANY DIRECT OR INDIRECT PARTICIPANT OF ANY AMOUNT DUE TO ANY BENEFICIAL OWNER IN RESPECT OF THE PRINCIPAL OR PREMIUM, IF ANY, OR INTEREST ON THE BONDS; (iii) THE DELIVERY TO ANY PARTICIPANT OR ANY BENEFICIAL OWNER OF ANY NOTICE WHICH IS PERMITTED OR REQUIRED TO BE GIVEN TO BONDHOLDERS UNDER THE APPLICABLE ORDINANCE; (iv) THE SELECTION BY DTC OR ANY PARTICIPANTS OF ANY PERSON TO RECEIVE PAYMENT IN THE EVENT OF A PARTIAL REDEMPTION OF THE BONDS; OR (v) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC OR CEDE & CO. AS BONDHOLDER.

SO LONG AS CEDE & CO. IS REGISTERED OWNER OF THE BONDS, AS NOMINEE OF DTC, REFERENCES HEREIN TO THE OWNERS OR REGISTERED OWNERS OF THE BONDS SHALL MEAN CEDE & CO., AS AFORESAID, AND SHALL NOT MEAN THE BENEFICIAL OWNERS OF THE BONDS.

Transfer Fees. For every transfer and exchange of Bonds, Owners requesting such transfer or exchange may be charged a sum sufficient to cover any tax, governmental charge or transfer fees that may be imposed in relation thereto, which charge may include transfer fees imposed by such Paying Agent/Registrar, DTC or the DTC Participant in connection with such transfers or exchanges.

Use of Certain Terms in Other Sections of this Official Statement; Certain Disclaimers. In reading this Official Statement it should be understood that while the Bonds are in the book-entry-only system, references in other sections of this Official Statement to registered owners should be read to include the person for which the DTC Participant acquires an interest in the Bonds, but (i) all rights of ownership must be exercised through DTC and the book-entry-only system, and (ii) except as described above, notices that are to be given to registered owners under the applicable Ordinance will be given only to DTC.

Interest Computation

Interest on the Bonds will be computed on a 360-day year, 30-day month basis. Payments coming due on a non-business day will be paid the following business day.

Authorization of the Bonds

The Bonds are issued pursuant to the provisions of and in full compliance with the Constitution and Laws of the State of Oklahoma, particularly Article X, Section 27, of the Constitution of the State of Oklahoma and Title 62 of the Oklahoma Statutes 2001, Sections 353 and 354, as amended, and an Ordinance of the City Council to be adopted on November 3, 2009.

Security for the Bonds

Under state laws, cities and towns in Oklahoma cannot become indebted beyond one year or for an amount in excess of the income and revenue provided in such year without authorization from the voters. Under Article X, Section 27, cities may issue obligations in an amount within the city upon approval by a simple majority of the voters voting in an election held for such purpose. The Bonds are secured by ad valorem or property taxes levied annually **Without Limitation As To Rate Or Amount** to pay principal and interest.

Ad valorem taxes for bond payments are deposited into a sinking fund held by the City. The tax rate for sinking fund purposes is determined annually by ascertaining the actual revenue required for payment of principal and interest on indebtedness and judgments. Such total amount may then be reduced by any surplus from the prior fiscal year. A reserve for delinquent taxes is then added to the net requirements to derive the actual taxes to be levied. The City has traditionally levied a five percent delinquency. The actual levy amount is then apportioned by the total net assessed valuation to determine the appropriate tax rate for each taxpayer. Under state law, tax collections for a sinking fund cannot be placed in any fund of a City other than the sinking fund.

Tax Levy Collection Process

Oklahoma Statutes require that each year the City makes an ad valorem tax levy for a sinking fund which shall, with cash and investments in the fund, be sufficient to pay all the bonded indebtedness, interest and one-third of all outstanding judgments coming due in the following year.

After review and approval by the City Council, copies of the sinking fund estimates are submitted to the county excise board to determine the ad valorem tax levy appropriations. This submission is required to be made by August 27 of each year. The estimates are for the purposes of determining ad valorem taxes required to fund the sinking fund. The amounts contained in the Estimate of Needs are verified by the county excise board and, upon verification, the levies contained therein are ordered to be certified to the county assessor in order that the county assessor may extend said levies upon the tax rolls for the year for which the Estimate of Needs is being submitted. The county excise board further certifies that the appropriations contained in the Estimate of Needs and the millage rate levies are within the limitations provided by law. In accordance with Title 68, Oklahoma Statutes 2001, Section 3007, the County Excise Board may make adjustments to the Estimate of Needs as deemed appropriate.

Cities and counties in Oklahoma are limited to a total of ten (10) mills from ad valorem taxes for operating purposes between them. Traditionally, the Tulsa County Excise Board has not approved any millage for the City for operating purposes since the ten (10) mills have gone to Tulsa County for its operating fund. For purposes of the general obligation bond debt service, however, there is no limitation as to the mill levy for debt issued under Section 27, Article X of the Oklahoma Constitution.

State statutes make it mandatory for any unit of local government to annually provide for a tax sufficient to pay the principal and interest as they become due on any outstanding debt. If the proper officer whose duty it is to annually provide the necessary tax for debt service fails to do so, it becomes the duty of the county clerk, who serves as secretary of the county excise board. Failure by either the particular unit of government or the county clerk to levy the necessary taxes for debt service makes it the duty of the state auditor to certify the proper amount to the county treasurer who is then required to make the necessary levy.

The county assessor is required to file a tax roll report on or before October 1 of each year with the county treasurer indicating the net assessed valuation for each governmental entity within the county. This report includes the assessed valuation for all real, personal and public service property (public service property assessed valuations are determined by the Oklahoma Tax Commission). The county treasurer must begin collecting taxes by November. The first half of taxes is due and payable on or before December 31. The second half becomes due and payable on or before March 31. If the first half is not paid by December 31, it all becomes due and payable on January 1.

Ad valorem taxes not paid on or before April 1 are considered delinquent. Interest accrues on delinquent taxes at the rate of one and one-half percent monthly (18 percent annually) to a maximum of 100 percent of the taxes due and owing until such time as the delinquent taxes are paid. If not paid by the following October 1, the property is offered for sale for the amount of taxes due. The purchaser is issued a Certificate of Tax Lien; however, the original owner of the property has two years in which to redeem the property by paying the taxes and penalties owed. If at the end of two years the original owner has not done so, the purchaser may then apply for a deed to the property. If there is no purchaser, then the county acquires the same lien and the property is auctioned after approximately two and one-half years.

Municipal Services

The City provides basic services affecting all its residents including but not limited to police and fire protection, parks, streets, water, sewer and refuse collection.

Water System. The Broken Arrow water system includes a 36-inch water transmission line from the Oklahoma Ordnance Works Authority (OOWA) near Pryor, Oklahoma, a distance of thirty-three miles. The OOWA serves as the City's primary source of water under a long-term water purchase contract. The system also includes a fifty-three million gallon raw water reservoir and treatment plant located in Wagoner County, approximately twelve miles from the City. The City's distribution system receives water from the treatment plant through a transmission pipeline consisting of thirty-inch diameter pipe at the treatment plant which reduces to twenty-four inch diameter approximately two miles west of the plant site. This twenty-four inch line continues to 71st Street and Lynn Lane where connections extend to the elevated storage sites. Currently, there are approximately 468 miles of water system mains in the City of Broken Arrow. Additionally, a 36 inch line extends from the treatment plant to Houston and 9th Street serving southern Broken Arrow. The system serves approximately 33,459 customers with average usage of 10.2 million gallons per day.

Sewer System. The sewer system of the City consists of approximately 365 miles of collection lines in the Haikey Creek and Broken Arrow Creek watersheds. The Lynn Lane Sewage Treatment Plant is located on Broken Arrow Creek and treats effluent in the Broken Arrow Creek and Adams Creek watersheds. This plant was constructed originally in 1970. In 1977, the City of Broken Arrow and the City of Tulsa jointly constructed the Haikey Creek Sewage Treatment Plant that treats effluent from the Haikey Creek watershed. Approximately 30,613 customers are served by the City's sewer system.

Solid Waste System. The City collects solid waste from residential customers twice per week. The City then transfers the solid waste to a nearby landfill owned by the City, but leased to a private company that operates the facility. The permitting process for adjacent property is underway to expand the facility's capacity. The City currently serves approximately 30,425 customers on its solid waste system.

Other Utilities. Electrical power is supplied by AEP/PSO, natural gas by Oklahoma Natural Gas Company, and telephone service by Valor Telcom.

FINANCIAL INFORMATION

Financial Management and Control

Generally accepted accounting principles for municipalities are defined as those principles established by the Governmental Accounting Standards Board (GASB).

Governmental Fund Types

General Fund. The General Fund is the primary operating fund of the City that accounts for all financial transactions not accounted for in other funds and certain Public Trust activities that require separate accountability for services rendered.

Special Revenue Funds. Special Revenue Funds are used to account for the proceeds of specific revenue sources that are normally restricted to expenditures for specified purposes.

Debt Service Funds. As prescribed by State law, the Debt Service Funds receive monies for the retirement of general obligation bonded debt and court-assessed judgments. Capital Projects Funds. The Capital Project Funds account for major capital improvements that are financed from bond proceeds, federal and state grants and other specific receipts.

Proprietary Fund Types

Enterprise Funds. The City's Enterprise Funds are used to account for the operations that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

Internal Service Funds. Internal Service Funds account for charges to the operating funds of the City to pay workers compensation claims and certain group health and life insurance plans.

Fiduciary Fund Types

Net Assessed Valuation

Since ad valorem taxes are correlated to the value of property within the City, trends in property valuations are an important economic indicator. The assessed valuation of property within the City is comprised of three components: real, personal and public service. The county assessor in each county determines the real and personal property values on an annual basis. Public service valuations are compiled annually by the Oklahoma Tax Commission and set by the State Board of Equalization. Once the valuation is determined, an assessment rate is calculated to provide the assessed valuation on which the appropriate tax levy is determined.

In accordance with the Oklahoma Constitution, the assessment rate for real and personal property set by each county must be within a range established by the State Board of Equalization. As a result of passage of State Question No. 675 on November 5, 1996, the Oklahoma Constitution was amended to provide that the allowable range for real property be placed between 11 percent to 13 ½ percent and the range for personal property be set between 10 percent and 15 percent. Beginning January 1, 1997, the percentage at which real or personal property is assessed within a county shall not be increased except upon approval by a majority of the registered voters of the county, voting at an election called for that purpose by a majority of county commissioners, or upon a petition initiated by not less than ten percent (10%) of the registered voters of the county based on the total number of votes cast at the last general election for the county office receiving the highest number votes at the election. In no event shall the percentage be increased by more than one percentage point per year or increase in excess of the aforementioned assessment ranges for personal and real property. The percentage at which real or personal property is assessed within a county may be decreased within the limitations (assessment ranges) without approval of the voters of the county.

Also, as provided by State Question No. 675, all other property (primarily public service property) assessed by the State Board of Equalization shall be assessed at the percentage of its fair cash value, estimated at the price it would bring at a fair voluntary sale, at which it was assessed on January 1, 1996. Consequently, the assessment rates on public service property and on airlines and railroads included in the public service category were set at 22.85% and 11.84%, respectively.

The Constitution of the State of Oklahoma provides exemptions to real and personal property owners based on certain qualifications and guidelines. A residential homeowner is allowed a homestead exemption deduction equal to \$1,000 of net assessed valuation. The homeowner must apply annually for the exemption in order to receive the deduction.

At a special election on September 14, 1993, the qualified electors of Tulsa County approved the exemption of personal property taxes on "household goods of the heads of families and livestock employed in support of the family" located within the County. The election was held pursuant to an amendment to the Constitution of the State of Oklahoma approved by the voters as State Question 648 on November 3, 1992, which gave each county the authorization to hold such an election. The exemption was effective beginning in 1994. Wagoner County voters also approved such exemption in 1998, effective in 1999.

Table 1 presents the historical net assessed valuation by county for the City of Broken Arrow from 2000 to 2009. Net assessed valuation increased 104.7 percent during the period shown. The current assessment rates are 11 percent and 10 percent in Tulsa County for real and personal property, respectively. The rates in Wagoner County have been 11.2 percent for real property since 1989 and for personal property purposes the rate was set at 12 percent in 1991. The City's Net Assessed Valuation in the most recent year shows an increase of 5.13 percent for both counties.

RATINGS

Ratings on the Bonds have been applied for from Moody's Investors Service, Inc. and Standard & Poor's Corporation. If assigned, a rating is subject to withdrawal at any time; withdrawal of a rating may have an adverse effect on the marketability of the Bonds. For an explanation of the significance of the rating, an investor should communicate with the rating agency directly.

TAX MATTERS

Opinion of Bond Counsel

In the opinion of the Kiser Law Firm, PLLC, Edmond, Oklahoma, Bond Counsel, under existing statutes and court decisions and assuming continuing compliance with certain tax covenants described herein, (i) interest on the Bonds is excluded from gross income for Federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and (ii) interest on the Bonds is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code. In rendering its opinion, Bond Counsel has relied on certain representations, certifications of fact, and statements of reasonable expectations made by the City and others, in connection with the Bonds, and Bond Counsel has assumed compliance by the City with certain ongoing covenants to comply with applicable requirements of the Code to assure the exclusion of interest on the Bonds from gross income under Section 103 of the Code.

Bond Counsel has rendered its opinion under existing statutes and court decisions as of the issue date, and assumes no obligation to update their opinions after the issue date to reflect any future action, fact or circumstance, or change in law or interpretation, or otherwise. Bond Counsel expresses no opinion on the effect of any action hereafter taken or not taken in reliance upon an opinion of other counsel on the exclusion from gross income for Federal income tax purposes of interest on the Bonds, or under state and local tax law.

State of Oklahoma Tax Exemption

Pursuant to Title 68 of the Oklahoma Statutes 2001, Section 2358.5, interest on the bonds is exempt from Oklahoma income taxation.

Financial Institutions

The Code provides that commercial banks, thrift institutions and other financial institutions may not deduct the portion of their interest expense allocable to tax-exempt obligations acquired after August 7, 1986 (other than "qualified tax-exempt obligations"). **The Bonds will be designated as "qualified tax-exempt obligations" for this purpose.**

Certain Ongoing Federal Tax Requirements and Covenants

The Code establishes certain ongoing requirements that must be met subsequent to the issuance and delivery of the Bonds in order that interest on the Bonds be and remain excluded from gross income under Section 103 of the Code. These requirements include, but are not limited to, requirements relating to use and expenditure of gross proceeds of the Bonds, yield and other restrictions on investments of gross proceeds, and the arbitrage rebate requirement that certain excess earnings on gross proceeds be rebated to the Federal government. Noncompliance with such requirements may cause interest on the Bonds to become included in gross income for Federal income tax purposes retroactive to their issue date, irrespective of the date on which such noncompliance occurs or is discovered. The City has covenanted to comply with certain applicable requirements of the Code to assure the exclusion of interest on the Bonds from gross income under Section 103 of the Code.

Certain Collateral Federal Tax Consequences

The following is a brief discussion of certain collateral Federal income tax matters with respect to the Bonds. It does not purport to address all aspects of Federal taxation that may be relevant to a particular owner of a Bond. Prospective investors, particularly those who may be subject to special rules, are advised to consult their own tax advisors regarding the Federal tax consequences of owning and disposing of the Bonds. Prospective owners of the Bonds should be aware that the ownership of such obligations may result in collateral Federal income tax consequences to various categories of persons, such as corporations (including S corporations and foreign corporations), financial institutions, property and casualty and life insurance companies, individual recipients of Social Security and railroad retirement benefits, individuals otherwise eligible for the earned income tax credit, and taxpayers deemed to have incurred or continued indebtedness to purchase or carry obligations the interest on which is excluded from gross income for Federal income tax purposes. Interest on the Bonds may be taken into account in determining the tax liability of foreign corporations subject to the branch profits tax imposed by Section 884 of the Code.

Original Issue Discount

"Original issue discount" ("OID") is the excess of the sum of all amounts payable at the stated maturity of a Bond (excluding certain "qualified stated interest" that is unconditionally payable at least annually at prescribed rates) over the issue price of that maturity. In general, the "issue price" of a maturity means the first price at which a substantial amount of the Bonds of that maturity was sold (excluding sales to bond houses, brokers, or similar persons acting in the capacity as underwriters, placement agents, or wholesalers). In general, the issue price for each maturity of Bonds is expected to be the initial public offering price set forth on the inside cover page of the Official Statement. For any Bonds having OID (a "Discount Bond"), OID that has accrued and is properly allocable to the owners of the Discount Bonds under Section 1288 of the Code is excludable from gross income for Federal income tax purposes to the same extent as other interest on the Bonds.

In general, under Section 1288 of the Code, OID on a Discount Bond accrues under a constant yield method, based on periodic compounding of interest over prescribed accrual periods using a compounding rate determined by reference to the yield on that Discount Bond. An owner's adjusted basis in a Discount Bond is increased by accrued OID for purposes of determining gain or loss on sale, exchange, or other disposition of such Bond. Accrued OID may be taken into account as an increase in the amount of tax-exempt income received or deemed to have been received for purposes of determining various other tax consequences of owning a Discount Bond even though there will not be a corresponding cash payment.

Owners of Discount Bonds should consult their own tax advisors with respect to the treatment of original issue discount for Federal income tax purposes, including various special rules relating thereto, and the state and local tax consequences of acquiring, holding, and disposing of Discount Bonds.

Bond Premium

In general, if an owner acquires a Bond for a purchase price (excluding accrued interest) or otherwise at a tax basis that reflects a premium over the sum of all amounts payable on the Bond after the acquisition date (excluding certain "qualified stated interest" that is unconditionally payable at least annually at prescribed rates), that premium constitutes "bond premium" on that Bond (a "Premium Bond"). In general, under Section 171 of the Code, an owner of a Premium Bond must amortize the bond premium over the remaining term of the Premium Bond, based on the owner's yield over the remaining term of the Premium Bond determined based on constant yield principles (in certain cases involving a Premium Bond callable prior to its stated maturity, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the lowest yield on such bond). An owner of a Premium Bond must amortize the bond premium by offsetting the qualified stated interest allocable to each interest accrual period under the owner's regular method of accounting against the bond premium allocable to that period. In the case of a tax-exempt Premium Bond, if the bond premium allocable to an accrual period exceeds the qualified stated interest allocable to that accrual period, the excess is a nondeductible loss. Under certain circumstances, the owner of a Premium Bond may realize a taxable gain upon disposition of the Premium Bond even though it is sold or redeemed for an amount less than or equal to the owner's original acquisition cost. Owners of any Premium Bonds should consult their own tax advisors regarding the treatment of bond premium for Federal income tax purposes, including various special rules relating thereto, and state and local tax consequences, in connection with the acquisition, ownership, amortization of bond premium on, sale, exchange, or other disposition of Premium Bonds.

Information Reporting and Backup Withholding

Information reporting requirements will apply to interest paid after March 31, 2007 on tax-exempt obligations, including the 2009 Bonds. In general, such requirements are satisfied if the interest recipient completes, and provides the payor with, a Form W-9, "Request for Taxpayer Identification Number and Certification", or unless the recipient is one of a limited class of exempt recipients, including corporations. A recipient not otherwise exempt from information reporting who fails to satisfy the information reporting requirements will be subject to "backup withholding", which means that the payor is required to deduct and withhold a tax from the interest payment, calculated in the manner set forth in the Code. For the foregoing purpose, a "payor" generally refers to the person or entity from whom a recipient receives its payments of interest or who collects such payments on behalf of the recipient.

If an owner purchasing a 2009 Bond through a brokerage account has executed a Form W-9 in connection with the establishment of such account, as generally can be expected, no backup withholding should occur. In any event, backup withholding does not affect the excludability of the interest on the 2009 Bonds from gross income for Federal income tax purposes. Any amounts withheld pursuant to backup withholding would be allowed as a refund or a credit against the owner's Federal income tax once the required information is furnished to the Internal Revenue Service.

Miscellaneous

Tax legislation, administrative actions taken by tax authorities, and court decisions, whether at the federal or state level, may adversely affect the tax-exempt status of interest on the 2009 Bonds under federal or state law and could affect the market price or marketability of the 2009 Bonds. Prospective purchasers of the 2009 Bonds should consult their own tax advisors regarding the foregoing matters.

UNDERWRITING

The Bonds are to be sold at competitive sale on November 3, 2009. The Purchase Contract provides that the Purchaser will not be obligated to purchase any Bonds if all such Bonds are not available for purchase. The Purchaser may offer to sell Bonds to certain dealers (including dealers depositing Bonds into investment trusts) and others at prices lower than the offering price stated on the inside cover page hereof. After the initial public offering, the public offering price may be changed from time to time by the Purchaser.

KISER LAW FIRM, PLLC

812 GLENLAKE DRIVE
EDMOND, OKLAHOMA 73013

TELEPHONE 405-751-4299

We have acted as bond counsel in connection with the issuance by the City of Broken Arrow, Oklahoma (the "Issuer") of \$3,225,000 General Obligation Bonds, Series 2009C, dated December 1, 2009 and \$6,400,000 General Obligation Bonds, Series 2009D, dated December 1, 2009 (collectively, the "Bonds"). We have examined the law and such certified proceedings and other papers, as we deemed necessary to render this opinion.

As to questions of fact material to our opinion, we have relied upon the certified proceedings and other certifications of public officials furnished to us without undertaking to verify the same by independent investigation.

Based upon the foregoing, we are of the opinion, under existing law, as follows:

1. The Bonds are valid and binding obligations of the Issuer.
2. All taxable property within the territorial boundaries of the Issuer is subject to ad valorem taxation without limitation as to rate or amount to pay the Bonds. The Issuer has provided for the collection of an annual tax sufficient to pay the interest on the Bonds as it becomes due and also to constitute a sinking fund for the payment of the principal thereof according to law.
3. Interest on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations. The opinions set forth in the preceding sentence are subject to the condition that the Issuer comply with all requirements of the Internal Revenue Code of 1986, as amended (the "Code") that must be satisfied subsequent to issuance of the Bonds in order that interest thereon be, or continue to be, excluded from gross income for federal income tax purposes. The Issuer has covenanted to comply with each such requirement. Failure to comply with certain of such requirements may cause the inclusion of interest on the Bonds in gross income for federal income tax purposes to be retroactive to the date of issuance of the Bonds.

We express no opinion regarding other federal tax consequences arising with respect to the Bonds.

4. Interest on the Bonds is exempt from State of Oklahoma income taxation.

It is to be understood that the rights of the holders of the Bonds and the enforceability thereof may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

Respectfully submitted,
